ABOUT ME

About Me

I am a Mechanical Engineering student at Khulna University of Engineering & Technology (KUET) with a strong interest in engineering design, problem-solving, and emerging technologies. I enjoy turning theoretical concepts into practical solutions and exploring how tools such as SolidWorks, ANSYS, MATLAB, Python, and Arduino can be applied to real-world engineering challenges. Alongside my core mechanical engineering background, I have developed an interest in programming, machine learning, and data-driven engineering. I am a curious and adaptable learner who enjoys working on challenging projects, collaborating with teams, and continuously developing new technical skills.

EDUCATION AND TRAINING

SSC

Khulna Zilla School [1 Jan 2011 – 15 Mar 2019]

City: khulna | Country: Bangladesh | Website: <https://www.kzs.edu.bd/> | Final grade: GPA-5.00

HSC

Govt. Majeed Memorial City College, Khulna [15 Jun 2019 – 30 Dec 2021]

City: khulna | Country: Bangladesh | Website: <https://www.mmcitycollege.edu.bd/> | Final grade: GPA-5.00

BSC Engineering

Khulna University of Engineering and Technology(KUET) [1 Jan 2023 – Current]

City: Khulna | Country: Bangladesh | Website: <https://www.kuet.ac.bd/>

SKILLS

software skills

machine learning / SolidWorks / ANSYS / Abaqus / AutoCAD / MATLAB / Arduino / Python / C / C++ / web programming / LaTeX / Microsoft Powerpoint / Microsoft Office / Microsoft Excel / capcut / photoshop / premier pro

Engineering Skills

Thermo-fluid Analysis / CFD / Mechanical Design / Machine & Component Design / Engineering Problem Solving / CA D Modeling / Experimental Work & Data Interpretation / Basic Manufacturing & Materials Engineering

Soft Skills

Communication / Problem Solving / Teamwork & Collaboration / Research & Analytical Thinking / Time Management / Project Management / Fast Learning & Adaptability

Research Skills

Literature Review / Research Paper Preparation / paper formatting / Technical Presentation

LANGUAGE SKILLS

Mother tongue(s): Bengali

Other language(s):

English

LISTENING C1 READING C1 WRITING C2

SPOKEN PRODUCTION C1 SPOKEN INTERACTION C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

CERTIFICATIONS

[Coursera, 7 Oct 2025]

Machine Learning Specialization

1. **Supervised Machine Learning: Regression and Classification**
2. **Advanced Learning Algorithms**
3. **Unsupervised Learning, Recommenders, Reinforcement Learning**

Mode of learning: Online

[Ostad]

Web Development Fundamentals Fundamentals of Web Development

Mode of learning: Online

PROJECTS

[1 Aug 2025 – 26 Apr 2026]

ME-3000(Design & Construction of a Mechanical Grass Cutter) Design & Construction of a Mechanical Grass Cutter

- Designed and developed a functional grass-cutting machine with a **mechanical power transmission system** for efficient cutting performance.
- Applied **spur gear transmission, shaft, bearing, and rotating component design** principles to develop the drive mechanism.
- Performed engineering calculations for **power transmission, gear ratio, torque, shaft loading, and component selection**.
- Used **CAD modeling and mechanical design principles** to develop and refine the machine components.
- Focused on achieving a practical, **low-cost and reliable design** suitable for small-scale grass-cutting applications.

SOCIAL AND POLITICAL ACTIVITIES

[15 Jul 2024 – Current] Bangladesh

KILO FLIGHT – Senior Executive, Mechanical Powertrain

- Contributed to the design, analysis, and development of powertrain systems for a Formula Student racing vehicle.
- Collaborated with multidisciplinary teams to optimize vehicle performance, reliability, and manufacturability.
- Applied engineering principles in mechanical design, component selection, and performance evaluation.

- Participated in technical discussions, project planning, and problem-solving activities throughout the vehicle development process.
- Gained hands-on experience in motorsport engineering, teamwork, leadership, and project management within a competitive engineering environment.

HOBBIES AND INTERESTS

Reading Books Enjoy reading books to explore new ideas, perspectives, and knowledge beyond academics. Like comics, classics, etc.

Watching Web Series Enjoy exploring web series, particularly for their storytelling, characters, and different perspectives.

Passionate about engineering, continuous learning, and turning innovative ideas into practical solutions.

Khulna,Bangladesh, 19 Aug 2026
